Bioarchaeological Study at Amarna, Egypt 2017

Tentative Travel Dates: May 15 – June 16, 2017
Application Deadline for Summer 2017: August 1, 2016

PROGRAM HIGHLIGHTS

- Opportunity to spend full-time on the analysis of excellently preserved skeletal material, including paleopathology, of the commoners’ cemetery at Tell el-Amarna, Egypt
- Intensive program to study the skeletons of the commoners from Tell el-Amarna, the city built by Pharaoh Akhenaten
- Experience life at a British archaeological excavation and tour the houses, palaces, temples, and tombs of Tell el-Amarna, led by Professor Barry Kemp
- Enrollment limited to 12 students (must have valid passport at the time of application).

Since the late 1980s, Dr. Jerome Rose has been excavating and conducting osteological analysis in Egypt. While he usually takes one or two students with him to Egypt, since 2007 he has been taking groups of qualified students with him on his excavation and is again willing to take up to twelve students to Tell el-Amarna for the summer, from May 15th to June 16th (approximately).
Application Deadline is August 1. Students must have a valid passport in hand at the time of application.
Leadership for the program comes from the J. William Fulbright College of Arts and Sciences.

APPLICATION PROCEDURES
Apply online at http://studyabroad.uark.edu/egypt by clicking the Apply Now button. To re-access an application that you’ve already begun, click here to login. For questions about the application process, email Sarah Malloy at slmalloy@uark.edu before the deadline.

Required application materials include:

1. **Personal statement**: Describe your reasons for wanting to study abroad, including expected contributions to your academic, personal and professional goals. You should also address any qualities or circumstances that make you particularly well suited to this particular program, especially if there are multiple candidates and limited spaces for this opportunity.

2. **Copy of University transcript(s)**: Unofficial copy of current or most recently attended institution

3. **Curriculum Vitae**: One-page, documenting your skills specific to the project

4. **Completed security form**: Download here.

5. **Photocopy of valid passport** at time of application (JPEG)

6. **Passport-style photo** (JPEG)

7. **Recommendation letter**: The letter may be sent directly from your recommender to slmalloy@uark.edu.
